WELCOME

Established in 1927, India Nepal Travel Organisation is a specialist tour operator for individuals and groups travelling to India and the subcontinent. Our organisation offers the highest level of tourism experience, an endorsed and approved operational structure, and the most comprehensive quality services in this region of the world.

India Nepal Travel Centre Can Now offers you an unrivalled opportunity to explore and discover a part of India that other tourists rarely see a tour completely different from other tours! This tour has been designed espe [text obscured] Once off the beaten track, we will explore rural India, Stopping regularly along the way in order to experience village life at first hand and watch the skilful production of the distinctive handicrafts of the region. I, Yousuf Baktoo, will personally be supervising this tour. For nearly four decades I have been taking tours throughout India.

The Baktoo family has been promoting and sharing our experiences in tourism since 1927, and all tours are organized in association with our family company based in India. I am particularly fond of relatively small tour groups so that a social bond can develop easily and a relaxed, more spontaneous schedule can be enjoyed by everyone. We want to see the very best of this vast and vibrant country and have hand-picked each destination with this in mind. The fascinating city of Delhi is usually the visitor's first point of contact with India, and what an introduction it can be! Famous for its striking forts, colonial mansions and wide, frenetic boulevards it excites all the senses as brilliant colours and exotic spices begin to weave their magic. We will wander through the bazaars of old Delhi.
